...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.

...the first time I had ever seen a man who was not a white man.
