

TRANSISTOR (NPN)

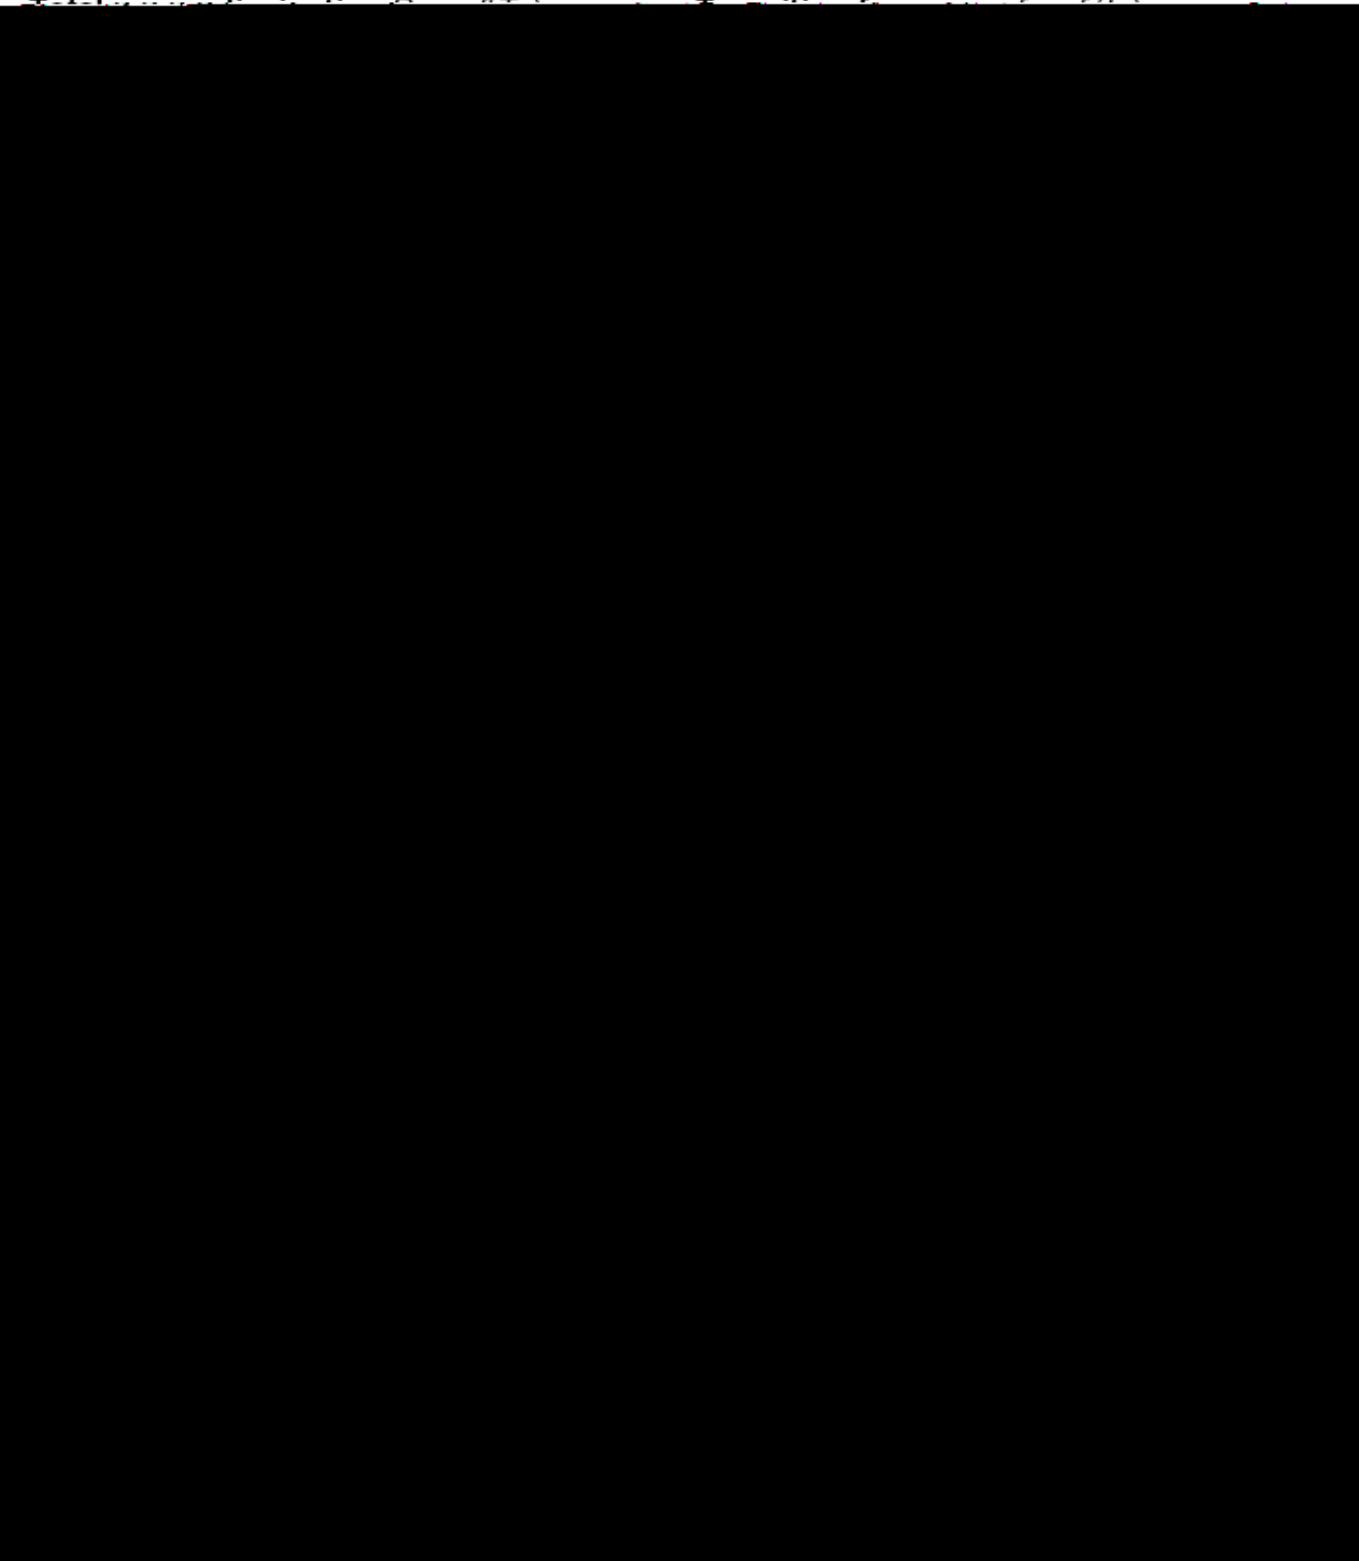

FEATURES

- For AF driver and output stages
- High collector current
- Low collector-emitter saturation voltage
- Complementary types: BCP51 ... BCP53 (PNP)

MAXIMUM RATINGS ($T_A=25$ unless otherwise noted)

Symbol	Parameter
--------	-----------

Typical Characteristics

emitter saturation voltage Collector-emitter saturation voltage Base-emitter saturation voltage

emitter saturation current Collector-emitter saturation current Base-emitter saturation current
